## PREPARE FOR WAR ON NIGHT RIDERS

Caldwell Citizens To Hold Mass-Meeting,  
And Judge Gordon Makes Stirring  
Appeal

Princeton, Ky., June 6.--A mass meeting of the citizens of this county has been called to meet here Saturday for the purpose of discussing measures and taking steps looking to the suppression of plant bed vandalism, which has been menacing this section for several weeks. This action follows the vigorous charge of Judge J. F. Gordon, to the grand jury yesterday.

Upon convening court, this morning Judge Gordon stated that he had been called upon by numbers of citizens, representing all classes, to make this move, and in a stirring address of twenty minutes he appealed to the people to get together and uphold the court in suppressing lawlessness, and called on all those who would support this movement to stand.

The large crowd present voted unanimously in favor of the court's action. The court said the people are aroused in this matter and the movement will have a telling effect in deterring the depredations that are being committed in this county.

## THE MILLETTE SHOW

Takes the Prize Over Any That  
Has Paid Our City a Visit

When it comes to real top-liner entertainments of a diversified character, none have visited Pembroke (at any price) that can overtop the Millette's Famous Show. Our people will have the opportunity during next week of seeing a real vaudeville show by real performers, which is a privilege seldom enjoyed by small cities even at any price, and think of it! for only 10 and 20 cents.

Believe us, the acts of Messrs. Al and Arthur Millette, and of Miss Frankie Moore, are alone worth three times the price of admission, while each of the members of the company is an artist in his or her line.

Aside from the show business, this company is composed of ladies and gentlemen, and it is a rare pleasure to have such a company make your city a visit.

Edgar Arnold

G. C. Abbott of Hopkinsville who has been coming to this city and Madisonville for the past seven years has worked hard to secure the money for this building. After the church is built there will be a Minister appointed for the local church in Madisonville and he will also take care of the members of that church in this city. There are only about eight or ten here, but they hope to have more when they get a building near as Madisonville where they can attend worship more often.

### ALL WRONG

The Mistake Is Made By Many Earlington Citizens

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must get the kidneys working right.

An Earlington resident tells you how.

Mrs. Joseph Blondin, Earlington, Ky., says: "One of my family suffered from a very annoying case of kidney complaint for years. He took medicine and doctored faithfully, but could get no relief. His back pained constantly and the kidney secretions were unnatural. Doan's Kidney Pills had been highly recommended and he finally procured a supply at the St. Bernard Mining Co., Inc. The results of their use were all that could have been desired. Every symptom of kidney trouble left in a short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name -- Doan's -- and take no other.

## McCREARY

Announces His Candidacy For  
Senate

HIS OPPONENTS ARE FORMER GOV.  
BECKHAM AND CONGRESSMAN  
A. O. STANLEY

Frankfort, Ky., June 9.--Gov. J. B. McCreary tonight announced his candidacy for United States Senator from Kentucky to succeed W. O. Bradley, Republican. His candidacy is subject to the Democratic primary next year. He will contest in the primary with former Gov. J. C. W. Beckham, who was endorsed in the Democratic primary for the senate vacancy to which Senator Bradley was elected when a long deadlock in the legislature was broken five years ago. Congressman A. O. Stanley, of Henderson, is also a candidate.

Mrs. Elsie Kilmer

### Oil Excitement Is High in Sebree

Sebree, Ky., June 7.--That oil and gas in paying quantities exist here seems to be the opinion of experts who are investigating the field, with strong probabilities that test wells will be sunk by the last of the month. W. A. Meyers, of Chicago, has been here for about six weeks taking all the leases on farm land he can secure, paying cash for them. This morning L. E. Bewley, of Bridgeport, Ill., representing other Illinois capitalist, arrived and went into the field at once in search of unleased lands.

For many years there has been splendid evidence found here that Sebree and vicinity was directly over a lake of oil. About twenty years ago, while the L. & N. Railroad company was boring for water near the present L. and N. station, gas was struck, and the flow was so great that it was piped to the old hotel building and used for lighting the hotel, but as the L. & N. was not looking for gas, the well was plugged up and no more attention was paid to it. Later a company bored a well near where the gas was found, and at a depth of 1,000 feet struck both oil and gas, but the machinery was not equipped to go deeper, so the well was abandoned with no sufficient oil or gas to be found.

**HOUSE SISTERS.**  
The House-Sisters Association of Berlin was established not long ago to ennoble domestic service and to establish better relations between the employers and the employed. The association has a "Mother House" near the city, where girls are trained for services, situations being found for them when competent. Those in charge of the home keep in touch with the girls after they have gone out into the world to make their own way.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by All Dealers.

**No Hurry for That Vehicle**  
A short-sighted old lady in a hurry to mount a tram car held up her umbrella and shouted to the driver of a passing vehicle, "Stop! Stop!" to which the driver replied, "Don't be in a hurry, mum; it ain't your turn yet." It was a hearse.

**Not Likely.**  
"I wish you would shout at me, just the same as you shout at the animals you are going to kill," said Judge Moss, at the Carnarvon (Wales) county court, to a butcher who was giving evidence in quiet tones. "If you were going to kill an obstreperous bull you would not whisper like this," added his honor.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by All Dealers.

**Disputed Door.**  
A curious suit is reported from Avignon, France. It is brought by an antiquary to obtain possession of the door of the city of Avignon, which he had bought. Possession was refused on a prior contract with another party, but this contention was discovered. At this stage it was discovered that an old agreement existed prohibiting the demolition of any part of the property. This agreement is now being contested, and it is anticipated that the sale to the antiquary will be confirmed.

**To Cure a Cold in One Day**  
Take LAXATIVE-BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. H. W. GROVE'S signature on each box, 25c.

**Last Resort.**  
"Do you believe in platonic friendship?" he asked. "Not," she replied, "as long as there is a chance for anything else."—Chicago Record-Herald.

**Indecision.**  
The tragedy of life is indecision. They bury suicides at the crossroads for that is where lurks all tragedy—the indecision of which way to choose.—E. Temple Thurston.

"Generally debilitated for years. Had sick headache, lacked ambition, was worn out by all run down. Burdock Blood Bitters made me a well woman."—Mrs. Chas. Fritche, Moosup Conn.

**Suggestion.**  
When modesty begins to boast about itself it should also change its name.

**For Weakness and Loss of Appetite**  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and a sure Appetizer. For adults and children. 50c.

**Making All Happy.**  
"What I deem an appropriate present is a book, and that I must choose for myself," writes a correspondent of the London Chronicle. "To leave the selection to friends would be a catastrophe. Every year, therefore, on behalf of those generously minded individuals who have kindly thoughts toward me, I buy books for myself, tell them, and get the money refunded. And in the measure of monetary value they remember me, I likewise remember them—in any article of their own choosing. And we are all happy."

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by All Dealers.

**Real Friend.**  
There is one friend who will never fail you while you have hands to move and a brain to plan. In your dreariest hours she will be your sweet refuge, and in times of prosperity she will guard you from "the pride which goeth before a fall." She will bring you long nights of restful sleep at the end of your busy days and when other friends grow careless or disdainful, she will absorb you more and more. Her name is Work, and neither the highest nor the lowest can be happy for long without her.

Farmers, mechanics, railroaders, laborers, rely on Dr. Thomas' Eclectic Oil. Fine for cuts, burns, bruises. Should be kept in every home. 15c and 50c.

**Where "Yiddish" Comes From.**  
The Hebrews who live in Germany speak the German language, using among themselves a peculiar dialect called "Yiddish," that term being itself a corrupt form of the German word Yudisch. Russian Hebrews also use this language, while by a curious chair of historic events Turkish Hebrews speak Spanish. Printed Yiddish shows an interesting combination of languages, the words being essentially German, but printed in Hebrew characters.—Christian Herald.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by All Dealers.

**Peppercorn Rent.**  
Mr. Staveley Hill, M. P., was at Bushbury paid a peppercorn as rent. The berry was placed in an envelope and handed to Mr. Staveley Hill during a visit he paid to the old village school. In handing over the receipt, he remarked that he was probably the only man in England who received such a payment in kind.—London Telegram.

The name—Doan's Inspires confidence—Doan's Kidney Pills for kidney ills. Doan's Ointment for skin itching. Doan's Regulators for a mild laxative. Sold at all drug stores.

**Diplomatic.**  
Mrs. Benham—"Did you discharge the cook?" Benham—"No; I requested her resignation."

**Practical Ventilating Hint.**  
The house should be ventilated in winter as well as in summer. If the family is to be kept in good health. Bedrooms, especially, should be provided with a free circulation of fresh air. One way to get fresh air in a bedroom without having a draft is to tack strips of cheesecloth across the top and the bottom of the window so that when it is opened in both places the fresh air will enter the room and yet, should there be a strong wind, its force will be broken by the cloth.

Bilious! Feel heavy after dinner? Bitter taste? Complexion sallow? Liver perhaps needs waking up. Doan's Regulators for bilious attacks. 25c at all stores.

**Why Snow is Warm.**  
Snow is warm by virtue of its light and woolly texture. But it is also warm on account of its whiteness. Had snow been black it would have absorbed the heat of the sun and melted quickly. Instead, it reflects heat, and the reflected heat falls upon bodies above the snow, while the warmth of the earth is preserved beneath it.

**Her Infinite Variety.**  
As we sit down and ponder over the summer courtship we find the hand that wielded the canoe paddle now wields the broom. The supper on river banks are now in a small dining room. The gazing at the sky in summer time is now looking to see if the wash can safely be put out. The hand in the wash tub is the hand that that trailed over the canoe side. The soft voice in quiet lanes is now—Don't you think it's a cruel world?—Kirkwood Courier.

#### FLAGS ON ALL BUILDINGS

Anniversary Of Adoption Of Stars And Stripes Falls On June 14

The 135 anniversary of the Stars and Stripes, which falls on Saturday, June 14, will be celebrated all over the country as flag day. This is the sixteenth year that this custom has been observed, principally the outgrowth of the efforts of the American Flag Association, whose object is to encourage a new love and enthusiasm for the national emblem. George Twyman Wood, of this city, is member of the executive committee of the association.

The celebration here will not be marked by any unusual events. Flags will be raised on municipal, school and Federal buildings. Churches will also be asked to raise the flags on that day. In the public schools it has been the custom to go through a short ceremony called the pledge salute, but this will probably not be done here, because flag day falls on the day after the dismissal of school for the summer vacation.

#### Most Children Have Worms

Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, constipation, when they are victims of that most common of all children's ailments—worms. Peevish, ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kickapoo Worm Killer, a pleasant candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail, Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis. Recommended by All Dealers.

#### Nature Covers Bleak Spots.

The planting of the barren mounds of disused coalpits in the "Black Country" between Birmingham and Wolverhampton, England, is beginning to show successful results. The growth this year of the trees planted on the coal mounds has been very rapid, with the result that many public bodies are taking an interest in the experiment.

#### Ulcers and Skin Troubles

If you are suffering with any old, running or fever sore, ulcers, boils, eczema or other skin troubles, get a box of Bucklen's Arnica Salve and you will get relief promptly. Mrs. Bruce Jones, of Birmingham Ala., suffered from an ugly ulcer for nine months and Bucklen's Arnica Salve cured her in two weeks. Will help you. Only 25c. Recommended by All Druggists.

#### Stevenson's Criticism.

Robert Louis Stevenson once went to hear Charles Halle play the piano at the Queen's hall. After the performance Stevenson, in his black shirt, walked in silence out Regent street to Oxford circus. He stepped at Oxford circus and, in a slow, meditative voice, pronounced this excellent criticism on the English musician he had heard: "The manner of the elderly statesman at the piano was somewhat austere and chilling."

#### A Texas Wonder

The Texas Wonder cures kidney and cures diabetes, weak and lame backs, rheumatism and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggists will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for testimonials from Kentucky and other States. Dr. E. W. Hall, 2826 Olive St., St. Louis, Mo. Sold by druggists.

#### Good Time Coming.

"Do you know why I whipped you, my son?" "No, but I was going to ask you when I got bigger."

#### Whole Hog Now "Canned"

It was the boast of a great meat packer that in his stockyard every part of the pig was utilized except the squeal. Recently a manager of one of the retail plays wanted some realistic pig squeals for his show, and he accordingly gave a contract for the required number to a phonograph dealer, who took a machine down to the stock-yards, "canned" the squeals, and turned over the records to the show manager. Those who talk about the extravagance of the present age, should remember that with the by-product already mentioned, nothing now goes to waste in the pork industry.

#### Guaranteed Eczema Remedy

The constant itching, burning, redness, rash and disagreeable effects of eczema, tetter, salt rheum, itch, piles and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Hobson's Eczema Ointment. Mr. J. C. Eveland, of Bath, Ill., says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Hobson's Eczema Ointment I found a cure." This ointment is a formula of a physician and has been in use for years—not in experiment. That is why we can guarantee it. All druggists, or by mail, Price 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis. Recommended by All Dealers.

#### Brevity in Correspondence.

For brevity nothing can beat the correspondence between Victor Hugo and his publisher on the issue of "Les Miserables." Very busy but anxious to know how the book was selling, Hugo sent the publisher a card marked simply "2." The reply came back "4."

Help the baby through the teething period by giving it McGEHEE'S BABY ELIXIR. It is a healthful, wholesome remedy, well adapted to a baby's delicate stomach. It contains no opium, or morphine or injurious drug of any kind. Babies thrive under its excellent stomach and bowel correcting influence. Price 25c and 50c per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

#### Met Peculiar Death.

A case in which three bluejackets were killed by fumes from potatoes was described in the recent annual report on the health of the British navy. The men were overcome in a provision room in the Superb, where there was a stock of potatoes. Some of the potatoes were germinating, and this gave rise to an accumulation of gas, which suffocated the men.

There is no horse liniment more effective for animal flesh than BAL-LARD'S SNOW LINIMENT, nor is there any healing remedy for the human body only, that is milder or more efficacious in its action. It heals the sores or wounds of man and beast. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated Drug Department.

#### Sarah Crutehfield

#### Didn't Know Stone's Value.

While rummaging through an old chest Mrs. J. S. Wetzel, of Ravenswood, W. Va., came across an old stone that had been given her by a relative 27 years ago, and which she thought had no value. She showed it to a guest at her home and he took it to a jeweler, who declared it an uncut diamond worth \$1,200.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It cures Pain and Heals at the same time. 25c, 50c, \$1.00

#### Until the Plumber Arrives.

While waiting for the arrival of a plumber, when the water pipes have sprung a leak, the housewife may do a little repairing herself. The water should be turned off and a solder made by mixing some whiting with common yellow soap and just enough water to form a thick paste. Apply this mixture to the leak and in a little while the water may be turned on very slowly. This solder may last a day or longer.

#### To Put on Rubbers.

Most mothers find it hard to put on their children's rubbers. If they would use a shoe horn they would find the task quite easy, and save many bruised fingers and broken nails.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by All Dealers.

#### At Least the Majority.

## Bible Fund Anniversary

The Sunday School Board of the Southern Baptist Convention located at Nashville Tenn. Have a bible fund the purpose of which is to enable it to furnish Bibles and Testaments placed within the bounds of said S. B. Convention.

The Second Sunday in June of every year is set apart for that purpose, and the regular S. S. collection is turned over to that fund.

It has been the custom of the Earlington S. S. every year to contribute to that fund and this year a little anniversary was held for the S. S. children in connection with it, consisting of reading and reciting and singing.

A moved feature of the program was a song chorus entitled the "Teachers dream".

The words are the experience of a S. S. teacher who had been teaching a class of girls for years and in her dream she saw her scholars the portal of heaven one after another during the years the years had reflected her own condition, while it was the means of much joy and satisfaction to her that her class was saved, yet she was out aide the "pearly gates" though it was left ajar.

The vers were sung as solo ac-

companied by the organ and the chorus sung by four little girls on the outside accompanied by the effect produced a deep sympathetic and was well enjoyed by the audience.

At the close the contribution was taken up which amounted to \$10.20 for which the Baptist Sunday School feel grateful to all.

### EXPERIENCE OF MOTHERHOOD

#### Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# STORY OF FAMOUS CIVIL WAR FIGHT

Battle of Gettysburg Which  
Brought Credit to Both  
Blue and Gray.

## TURNING POINT OF CONFLICT

Total Losses on Both Sides in Three  
Days' Fighting Over 50,000—Sav-  
eral Generals Killed and  
Wounded.

By EDWARD B. CLARK.  
WASHINGTON.—It is possi-  
ble, some people would say  
probable, that the Battle of  
Gettysburg changed utterly  
the course of American his-  
tory. It was a great fight between  
armies of Americans, for probably  
fully ninety per cent. of the men who  
fought on the two sides were born  
natives to the American soil. The  
bravery shown at Gettysburg was of  
the order which Americans have  
shown on every field and which re-  
flects credit upon the hardy and  
heroic ancestry of the men engaged,  
no matter from what race they may  
have sprung.

At Gettysburg there was nothing to  
choose between the valor of the North  
and the South. The South lost the  
fight, but it lost it honorably and  
with the prestige of its soldiery un-  
dimmed. The charges made on that  
field have gone down into history as  
assaults made under conditions which  
every man felt might mean death at  
the end. The defenses made at Gettys-  
burg were of the kind which it takes  
iron in the blood to make perfect. At  
Gettysburg Northerners and South-  
erners replenished their store of re-  
spect for their antagonists. The hat-  
marked the high tide of the war  
between the states. After it the  
South largely was on the defensive,  
but its defense was maintained with  
fortitude and in the face of privations  
which could not chill the blood of  
men fighting for what they thought  
was the right.

The Northern armies were persist-  
ent in their attacks through the cam-  
paigns which after a few months were  
started against the objective point,  
Richmond. Bravo men here and brave  
men there, and after the end came it  
was the qualities which keep com-  
pany with bravery which made the  
soldiers of the North and South so  
ready to forget and to forgive and to  
work again for the good of a com-  
mon country.

The great battle of Chancellorsville  
was fought not long before the oppos-  
ing Union and Confederate forces met  
on the field of Gettysburg. Chancel-  
lorsville was a Confederate victory.  
The Southern government believed  
that the victory should be followed up  
by an invasion of the North for, ac-  
cording to its reasoning, if an impor-  
tant engagement could be won upon

Maj. Gen. George G. Meade.

Northern soil the chances of foreign  
intervention or at least foreign aid to  
the Southern cause, would be forth-  
coming.

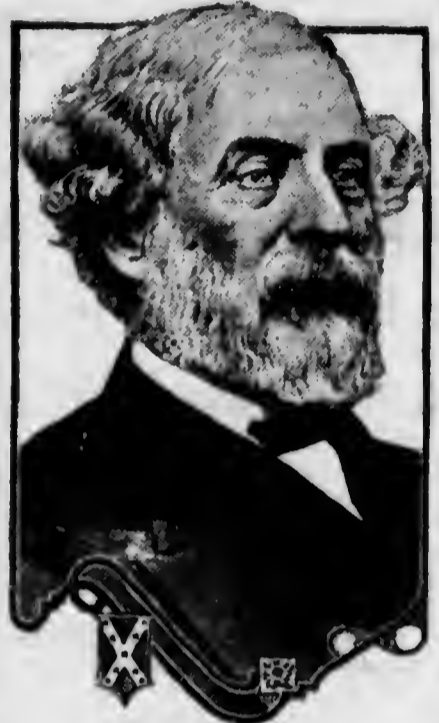

General Robert E. Lee late in the  
spring of 1863, made his preparations  
to conduct his campaign Northward  
into the state of Pennsylvania. He  
had under his command three corps,  
General James Longstreet command-  
ing the First, General Richard S.  
Ewell commanding the Second, and  
General A. P. Hill commanding the  
Third. In the Union army which af-  
terward confronted Lee at Gettysburg,  
there were seven corps, but the num-  
ber of men in each was much less  
than that in a Confederate corps, the  
military composition of each being  
different. The Union corps com-  
manders who under Meade were at Get-  
tysburg, were Generals John F. Rey-  
nolds, W. S. Hancock, Daniel E.  
Sickles, George Sykes, John Sedgwick,  
O. O. Howard and H. W. Slocum.

Forces Almost Evenly Matched.  
It never has been determined be-  
yond the point of all dispute just how  
many men were engaged on each side  
in the battle of Gettysburg. It is  
known that the armies were very  
nearly equal in strength, the proba-  
bilities being that the Confederate  
force was a few thousand men strong-  
er than the Union force, a difference  
which was balanced perhaps by the  
fact that the Union armies at Gettys-  
burg were fighting in defense of their

land from invasion, a condition which  
military men say always adds a sub-  
tle something to the fighting quality  
which is in any man. Some authori-  
ties have said that there were 100,000  
men in the Confederate forces at Gettys-  
burg to be confronted by 90,000  
Union troops. Another authority says  
that the Confederate force was 84,000  
and the Union force 80,000. As it was  
the armies were pretty nearly equally  
divided in strength.

In June, 1863, General Robert E.  
Lee began to move northward. Lee  
concentrated his army at Winchester,  
Va., and then started for the Potomac  
river, which he crossed to reach the  
state of Maryland. He fully expected  
to be followed by General Hooker's  
army and so General Stuart with a  
large force of cavalry was ordered by  
Lee to keep in front of Hooker's army  
and to check his pursuit of the Con-  
federates if it was attempted.

Late in June the Confederate force  
reached Hagerstown, in the state of  
Maryland. It was General Lee's in-  
tention to strike Harrisburg, Pa.,  
which was a great railroad center  
and a city where Union armies were  
recruited and from which all kinds of  
supplies were sent out to the soldiers  
in the field. While the Southern com-  
mander was on his way with a large  
part of his force to the Pennsylvania  
capital another part of his command

Gen. Robert E. Lee.

was ordered to make its way into the  
Susquehanna Valley through the town  
of Gettysburg and then to turn in its  
course after destroying railroads and  
gathering in supplies, and to meet the  
Confederate commander with the main  
army at Harrisburg.

It was General Jubal A. Early of  
General Lee's command, who reached  
Gettysburg after a long hard march  
on June 26. From there he went to  
the town of York and from thence to  
Wrightsville. At this place he was  
ordered by General Lee to retrace his  
steps and to bring his detachment  
back to a camp near Gettysburg.  
When Early obeyed Lee's order  
and had reached a point near Gettys-  
burg he found the entire Southern  
force was camped within easy strik-  
ing distance of the now historic town.

In the meantime things were hap-  
pening elsewhere. General Hooker  
in command of the Union army which  
had been depleted at Chancellorsville,  
had succeeded in outmaneuvering  
General Stuart in command of Lee's  
cavalry, had got around Stuart's com-  
mand in a way to prevent the South-  
ern general from forming a junction  
with the forces of his chief com-  
mander. Lee gave over the proposed  
movement on Harrisburg when he  
heard of Hooker's approach and  
brought the different parts of his  
army together.

Four days before the Gettysburg  
fight began General Hooker resigned  
as commander of the Union army.  
Hooker and General Hallock dis-  
agreed upon a matter concerning  
which strategists today say that Gen-  
eral Hooker was right. Three days  
before the battle began, that is, June  
23, 1863, General George Gordon  
Meade was named as General Hooker's  
successor in charge of the North-  
ern army. General Meade at once  
went into the field and established  
his headquarters at a point ten or  
twelve miles south of the town of  
Gettysburg.

Armies Meet at Gettysburg.  
It seems that General Lee on hear-  
ing that Stuart had not succeeded in  
checking the Union army's advance  
had made up his mind to turn south-  
ward to meet the force of Hooker, or  
as it turned out the force of Meade.  
Lee with his force had advanced  
north beyond Gettysburg, while Meade  
with his force was south of the town.  
The fields near the Pennsylvania vil-  
lage had not been picked as a place of  
battle, but there it was that the two  
great armies came together and for  
three days struggled for the mas-  
tery.

On the last day of June, the day  
before the real battle of Gettysburg  
began, General Reynolds, a corps  
commander of the Union army, went  
forward to feel out the enemy. He  
reached Gettysburg by nightfall. His  
corps, the First, together with the  
Third and the Eleventh Infantry  
Corps with a division of cavalry, com-  
posed the Union army's left wing.  
The Fifth Army Corps was sent to  
Hanover, southeast of Gettysburg,  
and the Twelfth Corps was immedi-  
ately south of Gettysburg at a dis-  
tance of eight or nine miles. This  
was on June 30, and the Union forces  
were fairly well separated, but they  
were converging and Gettysburg was  
their objective.

General Reynolds of the Union  
forces arrived at Gettysburg early on

the morning of July 1. He dispatched  
a courier to Meade saying that the  
high ground above Gettysburg was  
the proper place to meet the enemy.  
Not long after this message was sent  
to Meade General Reynolds who dis-  
patched it, was killed. He was on  
horseback near a patch of woods with  
his force confronting a large detach-  
ment of Confederate troops which was  
coming toward them. These troops of  
the enemy were dispersed by the  
Union batteries and Reynolds was  
watching the successful solid shot  
and shrapnel onset when a bullet  
struck him in the head killing him in-  
stantly.

General Abner Doubleday succeeded  
Reynolds in command of the troops  
at that point of the field. A brigade  
of Confederates, a Mississippi organi-  
zation, charged the Union forces,  
broke their organization and succeed-  
ed in making prisoners of a large part  
of a New York regiment. Later these  
men were recaptured and the Missis-  
sippi brigade was driven back, a por-  
tion of it surrendering. In the fight  
on the first day at this point of the  
field or near it, one Union regiment,  
the 151st Pennsylvania, lost in killed  
and wounded 337 men out of a total  
of 446 in a little more than a quarter  
of an hour's fight.

General Doubleday fell back to Sem-  
inary Ridge and extended his line.  
The forces employed against him  
here were greater than his own, and  
after hard fighting Seminary Ridge  
was given up. The first day's battle  
was in effect and in truth a victory  
for the Southern army. On the night  
of July 1 General Hancock arrived  
and succeeded in rallying the Union  
forces and putting new heart into the  
men. General Meade on that night  
ordered the entire army to Gettys-  
burg.

Victory Not Followed Up.  
For some reason or other perhaps  
unknown to this day, what was vir-  
tually a Confederate victory on the first  
of July was not followed up by Gen-  
eral Lee early on the next morning.  
General Meade therefore succeeded in  
strengthening his lines and in pre-  
paring for the greater conflict. One  
end of the Union line was some dis-  
tance east of Cemetery Hill on Rock  
Creek, another end was at Round Top  
something more than two miles be-  
yond Cemetery Hill to the south. The  
Confederate line confronting it was  
somewhat longer.

It is impossible in a brief sketch of  
this battle to give the names of the  
brigade and the regimental com-  
manders and the names of the regiments  
which were engaged on both sides in  
this great battle. Meade, Hancock,  
Howard, Slocum and Sickles with  
their men were confronting Lee,  
Longstreet, Hill, Ewell and the other  
great commanders of the South with  
their men. The line of battle with the  
spaces in between the different com-  
mands was nearly ten miles. It was  
the Confederate general's intention to  
attack at the extreme right and left  
and at the center simultaneously. It  
was to be General Longstreet's duty  
to turn the left flank of the Union  
army and to "break it." Longstreet's  
intended movement was discovered in  
time to have it met valiantly. The  
battle of the second day really be-  
gan with Longstreet's advance. The

Maj. Gen. George E. Pickett.

Southern general did not succeed in  
the plan which he had formed to get  
by Big Round Top and to attack the  
Third Corps from a position of van-  
tage in the rear. General Sickles de-  
fended Round Top and Longstreet  
could not take it.

When one visits the battlefield of  
Gettysburg he can trace the course  
of battle of the second day where it  
raged at Round Top, Peach Orchard,  
Cemetery Hill, Culp's Hill, and what  
is known as The Devil's Den. The  
tide of battle ebbed and flowed. Lit-  
tle Round Top was saved from cap-  
ture by the timely arrival of a brigade  
commanded by General Weed that  
dragged the guns of a United States  
regular battery up to the summit by  
hand.

At the end of the second day's fight  
it was found that the Southern army  
had failed to break the left flank of  
the opposing forces, that it had failed  
to capture Round Top and that the  
right flank of the Northern army, al-  
though vigorously attacked, had not  
been broken. There was a tremen-  
dous loss of life on both sides, and  
while in general the day had gone  
favorably to the Northern cause Gettysburg  
was still a drawn battle.

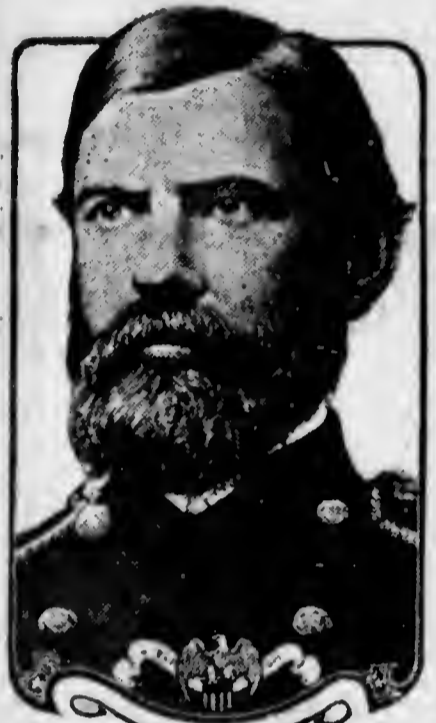

Charge of Gen. Pickett.  
It was on July 3, the third and last  
day of the great battle of Gettysburg  
that Pickett's men made their charge

which has gone into history as one  
of the most heroic assaults of all  
time. It was forlorn hope but it was  
grasped and the men of George Ed-  
ward Pickett, Confederate soldier,  
went loyally and with full hearts to  
their death across a shrapnel and rifle  
swept field.

When the third day's fighting open-  
ed it began with an artillery duel,  
hundreds of guns heaving forth shot  
and death from the batteries of both  
contending forces. It is said that this  
was the greatest duel engaged in by  
field pieces during the four years of  
the war between the states.

The Union guns at one time ceased  
firing, and it is said that the southern  
commander thought they had been  
silenced, and then it was that Long-  
street's men made an assault and  
Pickett's men made their charge. The  
former general's objective was Big  
Round Top, but his forces were driven  
back. Pickett formed his division  
in brigade column and they moved  
directly across the fields over flat  
ground. They had no cover and they  
had no sooner come into effective  
range than they were met by such a  
storm of shot as never before swept  
over a field of battle.

They went on and on, and on clos-  
ing in their depleted ranks and mov-  
ing steadily forward to their death.  
Those of Pickett's men who reached

Maj. Gen. John F. Reynolds.

their destination had a short hand-to-  
hand encounter with the northern sol-  
diers. It was soon over and Pickett's  
charge, glorious for all time in his-  
tory, was a failure in that which it  
attempted to do, but was a success as  
helping to show the heroism of Ameri-  
can soldiers.

The losses at Gettysburg on both  
sides were enormous. The Union  
army lost Generals Zook, Farnsworth,  
Weed and Reynolds, killed; while Gra-  
ham, Barnes, Gibbon, Warren, Doubleday,  
Barlow, Sickles, Butterfield and  
Hancock were wounded. The total  
casualties killed, wounded, captured  
or missing on the Union side num-  
bered nearly 24,000 men. On the Con-  
federate side Generals Semmes, Pen-  
der, Garnet, Armistead, and Harks-  
dale were killed, and Generals Kemp-  
er, Kimball, Hood, Heth, Johnson and  
Trimble were wounded. The entire  
Confederate loss is estimated to have  
been nearly 30,000 men.

The third day's fight at Gettysburg  
was a victory for northern arms, but  
it was a hard won fight and the con-  
flict reflects luster today upon the  
north and the south. Lee led his  
army back southward, later to con-  
front Grant in the campaigns which  
finally ended at Appomattox.

Forces Engaged and Losses.

The forces engaged at the Battle of  
Gettysburg were:

Confederate—According to official  
accounts the Army of North Virginia  
on the 31st of May, numbered 74,468.  
The detachments which joined num-  
bered 6,400, making 80,868. Deducting  
the detachments left in Virginia—  
Jenkins' brigade, Pickett's division

tarras? She is my wife.'—Pearson's

**Studebaker**

"The wagon that stands up like  
the reputation of its makers"

When you buy a Studebaker wagon you buy  
a wagon that will last until you turn the farm  
over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw  
constant service for thirty years, and we will gladly  
send you the names of farmers who have in their  
possession wagons that have been in constant use any-  
where from 17 to 48 years—and there are thousands of  
them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give  
you full return for your outlay. It is built on honor.  
Iron, steel, wood, paint and varnish used in its construc-  
tion are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country  
use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, run-  
abouts, pony carriages, business vehicles of every description—  
with harness of the same high standard.
